Project Details

Background and Relevance

Introduce your project and the challenge it addresses within the local and global context (specifically the Sustainable Development Goals), identify stakeholders and establish the scope of engagement and benefit. If you include examples of similar projects, where applicable cite sources of relevant literature, media coverage or previous work. If appropriate, supporting images can be attached. Up to 4000 characters.

Goals and Objectives

List the goals and objectives of your project, and the direct and indirect beneficiaries. What impact will be achieved? Up to 1000 characters per objective.

Outputs and Deliverables

Describe the outputs/deliverables for each goal/objective with corresponding indicators and means of verification. To the best of your ability indicate baselines and expected targets. Up to 4000 characters.

Approach and Activities

Describe in detail the methodological approach and activities needed to produce the outputs/deliverables, including what, when, where and how. If appropriate, supporting images can be attached (map, designs, photos), and references for novel or technical methods. Up to 7500 characters (3750 below and 3750 on page 13).

Risk Mitigation

Detail assumptions necessary for this project to succeed and identify risks to achieving the project goals and steps taken to mitigate factors outside of your control. Up to 2000 characters.

Works Cited

Include any bibliographic information referenced in this application. Up to 3000 characters.
